RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "The requestor states on its Table of Disputed Service that they are due 50% of the total billed charges based upon participation in a PPO network through National Choice Care… Review of claim file… reflects this is a Non-Network claim therefore not subject to the Network rules/rates. For this hospital outpatient service payment is subject to fair and reasonable standards per Section 413.011(d) of the Texas Labor Code…Given the above facts Texas Mutual does not believe the requestor has proven that their fees for the services provided are fair and reasonable or is any additional payment due beyond the amount that was paid."

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.1 provides for fair and reasonable reimbursement of health care in the

absence of an applicable fee guideline.

3. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
4. The services in dispute were reduced/denied by the respondent with the following reason codes:
   - W10 – No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology.
   - W10 – No maximum allowable defined by fee guideline. Reimbursement made based on insurance carrier fair and reasonable reimbursement methodology.
   - 426 – Reimbursed to fair and reasonable.
   - 713. 894 – Fair and reimbursement for the entire bill is made on the 'O/R service' line item.
   - W4 – No additional reimbursement allowed after review of appeal/reconsideration.
   - 891 – The insurance company is reducing or denying payment after reconsideration.
   - 18 – Duplicate claim/service.
   - 224 – Duplicable charge.

Findings

1. This dispute relates to services with reimbursement subject to the provisions of Texas Administrative Code §134.1, effective May 2, 2006, 31 *Texas Register* 3561, which requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers' compensation health care network shall be made in accordance with subsection §134.1(d) which states that "Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available."
2. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual's behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
3. 28 Texas Administrative Code §133.307(c)(2)(A), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include "a copy of all medical bill(s)… as originally submitted to the carrier and a copy of all medical bill(s) submitted to the carrier for reconsideration…" Review of the documentation submitted by the requestor finds that the requestor has not provided a copy of all medical bill(s) as originally submitted to the carrier. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(A).
4. 28 Texas Administrative Code §133.307(c)(2)(G), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires the requestor to provide "documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable." Review of the submitted documentation finds that:
   - The requestor's rationale for increased reimbursement from the *Table of Disputed Services* asserts that "Per our agreement with TX Mutual, they must access the NCC network which states we will received 50% of total billed."
   - Although the requestor submitted documentation to support their rationale; the respondent states, "this is a Non-Network claim therefore not subject to the Network rules/rates. For this hospital outpatient service payment is subject to fair and reasonable standards per Section 413.011(d) of the Texas Labor Code".
   - The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
   - The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
   - The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

   The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is $0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the services in dispute.
